TCx 810

All-in-One POS System

MAXIMIZE THE VALUE AND LONGEVITY **OF YOUR INVESTMENT**

Point-of-sale technology performance, flexibility, and low total cost of ownership are vital for retailers who need support for their current store operations and want to prepare for the future as their business evolves. The TCx² 810 All-in-One POS System delivers the next generation of Toshiba's TCx 800 POS family that retailers globally trust to support their infrastructure. As our most robust all-in-one point-of-sale system, the TCx 810 drives today's smarter store solutions through innovation that delivers maximum performance, high availability, easy serviceability, energy efficiency and adaptability.

KEY **BENEFITS**

- Versatility to use one system for multiple purposes throughout the store
- Customizable with a full line of configuration options, peripherals, and maintenance support
- Rigorously tested to ensure the highest performance, durability, and reliability for any retail environment.
- Compatibility with existing technology minimizes cost and simplifies future upgrades

BENEFITS

DESIGNED FOR **ANY RETAIL ENVIRONMENT**

Retailers need solutions that offer durability to withstand harsh environments, reliability to deliver long-term performance, and flexibility to grow with the business. The TCx 810 is designed to ensure the highest durability in the industry to maximize the value and longevity of your investment.

Fit – Offers flexible workstation modes including kiosk, flat, VESA solution, and more

Flexibility – Multiple screen sizes, processors, and mobility options

Manageability - Remote management and monitoring to identify problems before they occur

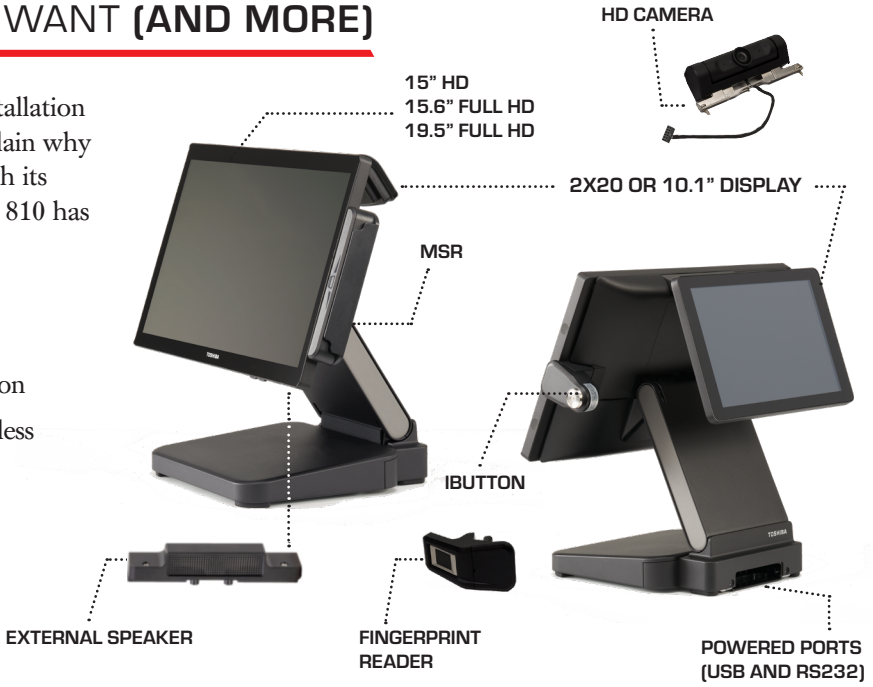

Reliability – Rugged testing against extreme conditions including temperature, fluid, lint/dust, vibrations, and more

Durability - Withstands common chemical surface cleaners to prevent damage, adhesive failure, discoloration, or seepage

EVERYTHING A RETAILER COULD WANT **(AND MORE)**

The extensive list of features, configuration options, installation flexibility, application and peripheral support helps explain why the TCx 810 is our premium point-of-sale solution. With its distinctive design, flexibility, and performance, the TCx 810 has something for every retailer.

- Bezel-less projective capacitive multitouch technology
- Multiple screen sizes with Full HD capability
- Rich set of integrated IO ports for nearly any configuration
- WiFi and Bluetooth options for mobile devices and wireless connection
- Optional customer-facing 2nd displays
- Compatibility with TCx™ Sky, Windows 10, Linux and TCx OS for Android™

FEATURES

WHY CHOOSE THE **TCx 810**

Retailers need premium point-of-sale technology that delivers low total cost of ownership, keeps systems up and running, and integrates with legacy technologies. With the TCx 810, you'll get an innovative, robust solution backed by the full line of options, warranty, services, and support that you expect from Toshiba.

*includes off-the-shelf and several Centers for Disease Control and Prevention (CDC) approved surface cleaners that are sprayed on systems and touchscreens.
